Version Control (Git, GitHub)

Profile Summary

o A full-stack developer with strong problem-solving skills, proficient in both frontend and backend technologies.
o Experienced in developing scalable web applications and user-friendly interfaces.
o Built projects such as an **Airbnb Clone (WanderLust)** using the MERN stack and an **Employee Management System** using **React.js**.
o Holds certifications in **Full Stack Web Development** from Internshala and **Responsive Web Design** from freeCodeCamp.

Academic Projects

WanderLust (Airbnb Clone)
Tools: HTML, CSS, JavaScript, Node.js, Express, EJS, MongoDB
o Developed a full-stack Airbnb-inspired rental platform with user authentication and dynamic UI.
o Implemented features like property listings, and a booking system.
o Integrated MongoDB for seamless data storage and retrieval.

Employee Management System
Tools: React.js, CSS, JavaScript, Tailwind CSS
o Built a web application to manage employee records with an interactive UI.
o Designed CRUD functionalities for employee data management.
o Ensured responsiveness and smooth user experience using React hooks.

Real-Time Chat Application
Tools: React.js, Node.js, Express.js, Socket.io, MongoDB, CSS
o Developed a full-stack chat application enabling real-time messaging between users.
o Implemented authentication, user management, and live socket connections for seamless communication.
o Utilized React for dynamic UI and ensured responsiveness and smooth interactions across devices.

Academic Achievements

o Full Stack Web Development Certification – Internshala
o Responsive Web Design Certification – freeCodeCamp
o Solved 140+ LeetCode DSA problems, enhancing problem-solving skills and algorithmic thinking
